

JONES *My*
W  SH

The text "JONES" is in a bold, blue, serif font. To its right, the word "My" is written in a blue, elegant cursive script. Below "JONES" is the letter "W" in a gold, serif font. In the middle of the "W" is a gold-colored tree icon with many small leaves. To the right of the tree is the letter "SH" in the same gold, serif font. A small blue heart icon is positioned at the end of the cursive "y" in "My".

JONES MY WISH Program

“The most fantastic magical things can happen, and it all starts with a wish.”

What is **JONES MY WISH**?

JONES MY WISH is a program coordinated by the *Heartland Hospice Moose Jaw* for palliative care patients and their families within Moose Jaw. **JONES MY WISH** is sponsored by *W. J. Jones & Son Funeral Home* and operates in collaboration with other generous community partners and is aimed to improve the end-of-life experience through meaningful activities and times of deep connection. Wishes are intended to be personal, simple and carry little cost, while being rich in meaning for patients, families, and health care providers.

A designate from *Heartland Hospice* will help coordinate the effort to the best of their ability to fulfill the **JONES MY WISH**.

“Ritual is the passageway of the soul to the Infinite.”

These wishes are just such rituals.

EMS Supported Transportation

Heartland Hospice has built a strong partnership with **Medavie Health Services West** and through this partnership **Medavie Health Services West** has agreed to support the **JONES MY WISH** program with their professional support, vehicles and equipment.

JONES MY WISH EMS supported ideas:

- A drive by the patient’s home within Saskatchewan.
- A journey down “Memory Lane”, driving by meaningful locations from the patient’s past within Saskatchewan.
- A visit within the province of Saskatchewan i.e.: to the lake; to watch a sunset; to the family farm.

PLEASE NOTE: If EMS transportation is required, several contacts will be required 24hrs prior. Paramedics, the family and the health care agency will need to assess the health status and safety of transporting the client.
